PARISIAN INSPIRED™ STOCK COLLECTION

The **Parisian Inspired™ Collection**, by *Sherri Renée*, features our signature foundation enhancement portfolio showcasing over eleven top designs and seven full designs. The collection offers **four stock top designs** (*French Flash, Flash Grande, French Fall, and Fall Grande*) and a **Cheveux Full** in fourteen (14) unique Parisian Color blends.

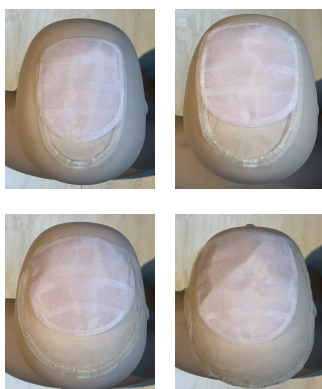

Each design, 100% handmade by expert artisans - uniquely addresses only those areas where enhancement is desirable. Our patented designs include base shapes and sizes that are anatomically correct to provide personalized, seamless coverage and camouflage into your hair.

Each Parisian Inspired™ design features our soft Parisian silk, french drawn top - Silk Trompe L'Oeil™ scalp replica - which utilizes "return hairs" to support more lift and hold for voluminous hairstyles. Single hairs are individually knotted into a french lace fabric and delicately threaded through a Parisian silk fabrique custom tinted to match your scalp color and tone. We further coat our natural top with a beautiful under-layer of Parisian silk and anti-slip detailing.

Each color design features a hand-painted, natural shadow root, providing a beautiful backdrop to showcase the color dimension and value range of our hand-blended Parisian Color Palette.
